

Upcoming cheese and wine tastings

Join us for an informal walk-around tasting where we'll guide you through 8 new wines that are perfect for drinking this autumn. There will be a variety of cheese to enjoy alongside, including some new cheeses that we've recently added to our range.

An introduction to pairing cheese and wine, with a sit-down tutored tasting of 6 wines that we have selected to match with cheeses from our maturing rooms. We'll talk you through the cheeses, the wines and why we think they work together. You'll leave with an understanding of which styles go best together and hopefully some new favourite combinations.

Come and join us for a fun evening to kick off the party season. This will be an informal walk-around tasting where you can taste 8 wines that we've chosen with convivial dining and festive parties in mind, including some special treats for Christmas. We'll have a delicious variety of cheese to tuck into while you enjoy your wine tasting.
